Recruiting Package

Does your student athlete have dreams of playing at the next level? A recruiting video could help him get noticed.

Recruiting videos are a video resume designed to highlight your student athlete's strengths both on and off the field. Our videos will introduce your student athlete to prospective coaches with a player profile, a highlight reel and a continuous game footage section. Music and special video effects are added to ensure that your student athlete is easily detected to create a fun and effective recruiting video. **Please contact Mike Parsons for more details 303-513-8770**

AHS Basketball 2009-2010

Games on Video

\$15 per game video

Please Specify JV Varsity
